

GAINNEY

VINEYARD

2014 SAUVIGNON BLANC, SANTA YNEZ VALLEY

SANTA YNEZ VALLEY

Committed to exploring the diversity of Santa Ynez Valley's two distinctly different microclimates, the Gainey family was the first to own properties in both the cool, western end of the valley, Sta. Rita Hills, where they focus on Burgundian varieties, and the warm, eastern end of the Santa Ynez Valley, where the grapes for this wine were grown. Gainey Vineyard is committed to farming its vineyards in a safe and sustainable way — a way that protects its workers, benefits the environment and produces its fine wines.

HOME RANCH VINEYARD

Named because it is part of the 1,800-acre ranch where the Gainey family made their home more than 40 years ago, the Home Ranch Vineyard is located in the warm, eastern portion of the Santa Ynez Valley. The Home Ranch Vineyard is primarily planted to Riesling, Sauvignon Blanc, Semillon, Merlot and Cabernet Sauvignon.

TASTING NOTES

Produced entirely from grapes we cultivate at our Home Ranch in eastern Santa Ynez Valley, our Estate Grown Sauvignon Blanc boasts bright citrus, honeydew melon, mineral and subtle herb aromas. On the palate, the wine is rich, mouthwatering and beautifully structured, with vibrant grapefruit, melon and guava flavors culminating in a long, crisp finish invigorated by zesty citrus, spice and mineral tones. Delicious now with a broad range of seafood, poultry and salad dishes, it will develop further nuance with another 1-2 years of bottle age.
